REFERENCE :

Order No. I-12012/84/77-D. II. A, dated 17-1-1978 of
the Ministry of Labour, Government of India.

This dispute coming on for final hearing on Thursday, the 30th day of November, 1978 upon perusing the reference, claim and counter statements and all other material papers on record and upon hearing the arguments of Thiru P. Sundara Siviudu, President of the Union and of Thiru S. Kothandaraman, Assistant Law Officer of the Bank and this dispute having stood over till this day for consideration, this Tribunal made the following.

AWARD

This is an Industrial Dispute under section 10(1)(d) of the Industrial Disputes Act, 1947 referred to this Tribunal for adjudication between the Management of Central Bank of India, Madras and their workmen in the matter of confirmation of a clerk Thiru Ramaprasad.

(2) The following is the reference :

Whether Sri Ramaprasad, Special Assistant is entitled to pre-dated confirmation and consequential promotion in pursuance of the Bipartite Settlement signed on 23-12-71 between the Central Bank of India and the All India Central Bank Employees' Federation and, if so, from what date is he entitled to pre-dated confirmation and from what date is he entitled to promotion as an Officer ?

(3) The Union filed a claim statement, wherein they state as follows : Thiru J. K. Rama Prasad, an employee of this Bank working a Madras on temporary basis in the year 1963 for several months with 2 or 3 days break and subsequently taken on probation on 16-1-1964 and confirmed in the Bank's service on 16-7-1964. He made representation to the Bank to regularise his temporary service during the year 1963 in terms of the Memorandum of Settlement and grant him the benefit of pre-dated confirmation, which would give him a revised advantageous rank in the seniority list for purposes of promotion to the officer cadre. The Management rejected his claim on the ground that he had not worked continuously for a period of six months without any break. A further representation was made to the Bank by the Petitioner, Thiru J. K. Rama Prasad on 30-1-1975 to reconsider his claim for pre-dated confirmation under clause (3) of the terms of agreement of the Memorandum of Settlement. There is no reference in clause (3) of the terms of agreement that the service should be continuous without break and refers to only temporary employments of more than six months in accordance with the spirit of the Settlement to give pre-dated confirmation benefit to employees who had worked for long periods on temporary basis with 2 or 3 days break.

(4) Their representation was also rejected by the Bank on the ground that "he has not worked continuously for six months" and "was given repeated breaks in service". Thereupon, representations were made to the Chairman and Managing Director of the Bank, but of no avail. In these circumstances, the dispute has been referred to this Tribunal.

(5) The Management of the Bank filed a counter, wherein they contend as follows : It was true that a Settlement was reached between the employees and the Bank in the matter of confirmation of temporary employees taking into consideration some of the employees have put in service of a long period as temporary employees. In terms of the above said agreement dated 23-12-1971, the Bank had issued a Circular No. PRS/Pol/2/73/C/55, dated 16-7-1973, whereby the employees of the Bank were informed that the employees should have worked on temporary basis continuously for a period of six months to become eligible for back-dated confirmation and in the present case from the available records of the workmen, it is seen that he has worked as a temporary hand for the following periods :

8-4-1963 to 7-5-1963

9-5-1963 to 11-6-1963

9-8-1963 to 7-9-1963

10-9-1963 to 9-11-1963 and

12-11-1963 to 9-1-1964.

He was taken on probation with effect from 16-1-1974 after six days' break and was confirmed in the bank's service six months thereafter on 16-7-1974. On representation made by the workman, even though the Management had no difficulty in rejecting his claim for pre-dated confirmation, a reference was made to the other signatory to the Settlement dated 23-12-1971, who confirmed the stand of the management that the intention of the parties were to apply the Clauses (3) to employees who have put in continuous service only. The claim of the workman that he should be confirmed in the bank's service from 9-2-1964 under clause (3) of the Settlement is untenable as he has not worked continuously for a period of six months without break in his temporary service as provided under clause (2) of the Settlement. From the records, it is seen that the workman had a break of service between 11-6-1963 to 9-8-1963. So he is not entitled to pre-dated confirmation. He cannot also include the probationary period for calculating the continuous period of six months. It is not correct to state that if he had been given the benefit under clause (3) he would have been promoted somewhere in May/June, 1974. Having regard to the seniority list, he would have been promoted only on or after 18-2-1976. In these circumstances, he is not entitled to pre-dated confirmation.

(6) It is a common case that a memorandum of agreement has been reached between the Management-Bank and their employees in the matter of confirmation of their employees. The memorandum has been appended to the claim statement of the Union and the preamble to the Memorandum states that in what circumstances the agreement was entered into. The circumstances under which the agreement was reached were a number of employees in clerical and subordinate cadre were kept temporary for indefinite periods and that they were taken on probation and confirmed in Bank's service sometimes one year or two years after their initial appointments. In some cases of the employees, there were temporary breaks for 2 or 3 days in their temporary service. That had affected them considerably in the matter of confirmation, promotion, etc. To avoid all the anomalies the following terms were entered into. The terms are as follows :—

(1) The employees who have been appointed in the Bank's service originally on or after 1-7-1966 and were given breaks in the service not exceeding three days excluding Sundays and Bank holidays, will be considered as having been confirmed on the permanent staff after six months from the date of their original appointments. Such members of the clerical and subordinate staff will also be entitled to contribute towards provident fund from the date of their confirmation as per this agreement, and the due dates of their graded increments will be adjusted accordingly.

(2) In the case of such members of the clerical and subordinate staff who were continued to be temporary beyond the period of six months prior to 1-7-1966 and not earlier than 1-1-1959 without any break will also be allowed to contribute towards provident fund, six months after the date of their original appointment and they would be treated as confirmed from the said date.

(3) It is also agreed that the cases of the employees who were taken on temporary basis prior to 1-7-1966 and not earlier than 1-1-1959 but continued to work against permanent vacancies for more than six months will also be confirmed in service six months after the date of their original appointment and will be allowed to contribute towards provident fund as per para (2) above.

The whole question has to be decided by the interpretation of clause (2) and clause (3). The Management would rely upon clause (2) and insist that for taking into account the temporary service, there must not be any break. Inasmuch as there was a long break in the case of the Petitioner-worker, the Management was right in starting his probation on 16-1-1964 and confirming him on 16-7-1964. The Union would rely upon clause (3) and contends that the question of break in the temporary service is irrelevant and what they should have considered is whether he had worked in the permanent vacancy for more than six months. If they calculate on that basis, it would be seen that the Petitioner-worker had worked against the permanent vacancy from 9-8-1963 and as such he should be confirmed on 9-2-1964. In other words, for purpose of confirmation, the stand of the Management is the temporary service should be excluded if it falls short of six months; whereas the stand of the Union is the question whether he was working in the temporary service without breaks in irrelevant and it has to see whether he has worked against the permanent vacancy. Now the Tribunal has to interpret what is the intention of the parties when the terms was reached as seen from the terms of the Settlement. Clause (2) and (3) of the terms of Agreement relate to employees appointed prior to 1-7-1966. Clause (2) confers the benefit of pre-dated confirmation beyond the period of six months without any break; whereas clause (3) confers the benefit of pre-dated confirmation if an employee had worked for more than six months temporarily against the permanent vacancy. It appears that there was a Circular No. PRS/Pol/2/73/C/55, dated 16-7-1963 modifying the Settlement that the benefit of the settlement would be applicable to all temporary employees irrespective of the nature of vacancy against which they were initially appointed, i.e. against the temporary vacancy or a permanent vacancy. In the face of the circular the requirement under clause (3) that an employee should have worked against the permanent vacancy has given up. Therefore in the face of this Circular, the question is whether pre-dated confirmation against the permanent vacancy has become obsolete. The only thing remains to be considered is whether continuous temporary service for a period of six months is absolutely necessary for pre-dated confirmation. There is no reference to the temporary service without any break in clause (3). But there is a reference to the temporary service without any break in clause (2). The contention of the Management is that clause (2) and (3) should be read together and if read together, certainly temporary service without any break is the pre-requisite for pre-dated confirmation. But on the other hand, the contention of the Union is that the revised settlement was arrived at to find solution for people who suffer due to the break for 2 or 3 days in their temporary service though they are not continuously working temporarily. If the spirit of the Settlement is to be taken into consideration, it should be strictly interpreted and their contention in-as-much-as there is no reference to temporary period for six months without break is not material for conferring pre-dated confirmation. But to me, it appears that clause (3) cannot be interpreted distinctively and it should be interpreted taking it along with clause (2) in the context and circumstances the settlement was reached, which stipulates no break in the temporary service. In this context, the Management would file Ex. M-1 which is a letter from the signatory to the settlement. His view is that clause (2) and (3) should be read together and the qualification of the temporary service without any break is applicable to clause (3). No importance can be attached to Ex. M-1, for his personal view cannot prevail against the terms embodied in the Settlement. The Tribunal has to see from the circumstances and

conduct of parties as what was the intention. The Management has acted and promoted people on the basis of agreement and if the Management accept the interpretation as required by the Union it will have far reaching consequences upsetting the entire gradations and promotions. It is no doubt true that it is not the province of the Tribunal to weigh the consequences and interpret but when the interpretation made by the Management is plausible, having regard to the spirit in which clauses (2) and (3) have been enacted, there is no reason as to why this Tribunal should not accept the procedure followed hitherto and acted upon for a number of years by the Management. Therefore my finding is that the period of six months service without any break will be the deciding factor for conferring the starting of probation and confirmation.

(7) Viewed in that light, there was considerable breaks in the periods of temporary service of the petitioner-worker. Though there is some difference in the length of break between the Management and the Union, the fact remains that there was break during the temporary service. On account of the break in the temporary service, the petitioner-worker Thiru Ramaprasad will not be entitled to pre-dated confirmation.

(8) In the result, an Award is passed negating the claim of the worker.

AWARD

The Central Government as appropriate Government made a reference u/s 10 of the I.D. Act, 1947 to this Tribunal vide this order No. L-12012/65/77-D.II.A dated the 9th September, 1977 in the following term :

"Whether the action of the management of United Commercial Bank, Parliament Street, New Delhi in not accepting the date of birth mentioned in the discharge certificate issued by the Military authorities to Shri Malu Singh, Armed Guard is justified ? If not, to what relief the workman is entitled ?"

2. On receipt of the reference usual notices were sent to the parties and statement of claim was filed on behalf of the workman. Thereafter a written statement was filed by the Bank and finally a replication was also got filed. On the pleadings of the parties the following issues were framed :

1. Whether the dispute or demand of the workman constitutes an Industrial Dispute ?
2. Whether the dispute has been properly espoused by a competent Union ?
3. As in terms of reference.

3. The parties evidence was recorded which consists of the statement of W.W. 1 Shri Malu Singh who has appeared as a witness for himself apart from producing documents Ex. W.W. 1/1 to Ex. W.W. 1/8 and examining Shri C. L. Bhardwaj as W.W. 2.

4. In rebuttal the Bank has examined Shri Gobind Ram, the Building Officer as M.W. 1 apart from Ex. M-1 and Ex. M-2, documents. I have gone through the evidence produced by the parties and have given my considered thought to the matter before me after hearing arguments of parties representative and I have come to the following findings :

5. The contention of the workman as disclosed from his statement of claim is that Kalu Singh had joined the Bank services as an Armed Guard in 1958 and is now workman as permanent confirmed Armed Guard; that in December, 1973 Malu Singh had come to know that his date of birth recorded by the Bank is August, 1924 whereupon he represented the matter to the Manager of the Bank on 7-12-1973; that his date of birth was 2-4-1928 and requested him to make necessary corrections but without any effect and in consequence a demand was made and after usual formalities this reference was made.

6. In reply the Bank has contended that the matter referred does not constitute an Industrial Dispute; that the Industrial Dispute has not been properly espoused by a competent union; that the workman had himself given his date of birth as August, 1924 and it was too late in the day to say that this was not his correct date of birth and it is contended that this claim of the workman is misplaced and wrong.

7. The statement of Shri Malu Singh reads as under :

"I am illiterate. I joined service of the respective Bank in October, 1958. I joined as Armed Guard. I had submitted my discharge certificate from the Military to the Bank authorities on joining the service as I had earlier been in the Military services. I joined Military in 1948. I was 20 years old at the time when I joined Military. I was born on 2nd April, 1928. My parents had informed me of my date of birth. My father is dead. My mother is alive. I learnt on 7th December, 1973 that the Bank had registered wrong date of birth in my service record. The Bank has recorded August, 1924. I represented to the Bank against it in 1974. Copy is Ex. W.W. 1/1. I had told the facts to the typist who had type out it in English. Then I submitted another representation copy Ex. W.W. 1/2. Then a third representation was made copy Ex. W.W. 1/3. Ex. W.W. 1/4 is the letter from the union. Ex. W.W. 1/5, 1/6, 1/7 are the other letters exchanged between the Bank and the union on the subject. I also tender Ex. W.W. 1/8, a true copy of the service record from the Military. I had requested my union to take up my matter and thereafter this reference was ultimately made. I am in the Bldg. Department of the Bank. There are 18 workmen in the said Branch apart from three officers. 18 of those 19 workmen are members of the Delhi State Bank Workers' Organisation. I have been in the membership of the Union since I joined service. I pay Re. 1/- per month as the subscription. I am illiterate and I do not know what papers had been thumb marked from me by the Bank.

* * *

During cross examination Malu Singh has stated that it was after the present dispute arose that I enquired from my parents about my date of birth and then I was told that I was born in April, 1928. It was

after about a month of the dispute arose that I went to my parents to enquire about my date of birth. May be it was in 1974. I did not know my date of birth prior thereto. They had told me my date of birth out of their memory. I was born in village Budh Singh Bhani in Rajasthan. There was no Municipal Committee in that village when I was born. Ex. M-1 bears my signatures. I know that date of birth is entered in the service record. I do not know how this date of birth was entered in this service record of mine. It is incorrect that my date of birth in the provident fund papers was entered as August, 1924 but I did sign the papers. I cannot say how many people are there in our Branch. Apart from Building staff no other workman of the Branch is member of Delhi State Bank Organisation."

8. Shri Gobind Ram as M.M. 1 has stated in his examination-in-chief that I was posted in Delhi Parliament Street Branch of our Bank as Care-Taker since 1958 to 1963. I was the Incharge of the Building Department at that time. Kalu Singh was working in Building Deptt. under me. I have seen M/1 which bears the date of birth of Malu Singh in my hand writing. It was signed by Malu Singh. This date was entered by me on the statement of Malu Singh. The signatures of Malu Singh were obtained after the date of birth had been filled on this form. Malu Singh had filled a declaration at the time of becoming member of Provident Fund of the Bank which is Ex. M-2. This was also filled by me. It was signed by Malu Singh and bears the signature of this witness as a witness at mark X and it also bears the date of birth which was filled by him at his statement. The Parliament Street Building Department is controlled by A.G.M. Office.

During cross examination he has stated that I did not asked Malu Singh to produce documentary evidence of his date of birth. I did not know an Ex. Army Men. It is incorrect to suggest that Ex. M/1 and Ex. M/2 bears signatures of Malu Singh. It is correct that I have not mentioned the date of birth and rather only the month and the year of birth of Malu Singh have been mentioned therein because he had been able to give only the month of his birth."

ISSUE NO. 1 :

9. The contention of the Management is that no proper demand was raised with the Bank and as such it is not an Industrial Dispute. However from the perusal of Ex. W.W. 1/1, find that the workman had not only raised the demand but had further pursued it with the Management. Ex. W.W. 1/2 Ex. W.W. 1/3 also show that demand was in fact raised. These are letters sent by the workman to the Bank. Thereafter Ex. W.W. 1/4 was addressed to the Manager of the Bank on 29-1-1976 by the Delhi State Bank Workers' Organisation which is representing the workman in this case. This also shows that a demand was raised by the Union as well, so much so that even a reply to it was sent vide Ex. W.W. 1/5 by the Bank and a reply to this reply was sent by the Delhi State Bank Workers' Organisation vide Ex. W.W. 1/6 and when Bank did not resile from its stand DSBWO referred the matter for conciliation to Asstt. Labour Commissioner vide letter copy Ex. W.W. 1/7. In the face of this correspondence it cannot be said that a proper demand had not been raised with the Bank or that the matter under dispute does not constitute an Industrial Dispute and I decide this issue in favour of the workman.

ISSUE NO. 2 :

10. The workman has produced letters Ex. W.W. 1/4, Ex. W.W. 1/6 and Ex. W.W. 1/7 which clearly show that the dispute was espoused by the Delhi State Bank Workers' Organisation. It has no where been suggested in the statement of M.W. 1 that this Organisation does not represent the Bank employees in Delhi. Rather the statement of Shri C. L. Bhardwaj as W.W. 2 who is the Vice President of this Organisation shows that this Organisation has espoused this matter by a resolution on 24-1-1976 and that the Organisation was a representative organisation. Therefore I hold this issue in favour of the workman and against the Management.

ISSUE NO. 3 :

11. In order to prove this issue the workman has produced a copy of his certificate of discharge which is Ex. W.W. 1/8 and it is contended on behalf of the workman that his date of birth according to this discharge certificate would come to 2nd April, 1928 in as much as his age on the 2-4-1948, the date of his enrolment was 20 years. However the workman has not produced any documentary evidence of his date of birth in support of Ex. W.W. 1/8. He has not been able to show that this date of birth was entered by the Military Authorities on the basis of any birth certificate or any school leaving certificate or even on the basis of affidavit of his parents. The burden of proving that the date of birth of the workman was not the one which is entered in the Bank's record was upon the workman. It is admitted by the workman that his mother is alive but he has not cared to produce her in evidence to corroborate his statement. In the absence of any birth entry or birth certificate or certificate of school leaving, the best evidence was the statement of his mother in as much as the father was already dead and he has not even tried to produce his mother. He has not given any explanation for non-production of his mother. As against his statement Shri Gobind Ram, M.W. 1 the Building Officer of the Bank has stated that he was the Incharge of Building Department at the time when Malu Singh joined the service. It is this officer who had in fact recruited Malu Singh. He has produced Ex. M-1 in which date of birth of the workman is recorded as August, 1924. This witness has further stated that this date was entered by him on the statement of Shri Malu Singh. It is also stated by him that it is signed by Shri Malu Singh and that signatures of Malu Singh were obtained after the date of birth had been filled in the form. There is no denial by the workman that Ex. M-1 does not bear his signatures. It is further stated by M.W. 1 that Malu Singh had filed a declaration at the time of becoming a member of the Provident Fund of the Bank. The said declaration has been produced in original and is Ex. M/2. This also bears the signatures of Malu Singh and here-in-also the date of birth of Malu Singh is recorded as August, 1924. Malu Singh has not denied his signatures on Ex. M-2 either. In the face of this statement of M.W. 1 it would be difficult to accept the statement of Malu Singh as M.W. 1 for the simple reason that statement of Malu Singh is not corroborated by the statement of his mother who was the best person to state about the date, month or year of birth of Malu Singh. Even otherwise the statement of Malu Singh cannot be relied upon for the discrepancy which exist between his two statements; the one on the basis of whereof his age was recorded in Ex. M.W. 1/8 and the one exhibited as M-1. Malu Singh is a person who has been making different statements to suit his convenience and in these circumstances it is not possible to rely upon his statement. No malafide or enmity has been alleged by Malu Singh with Shri Gobind Ram. Gobind Ram is the person who had actually recruited the workman Malu Singh. In the face of my discussions above, I hold that the Bank was justified in not accepting the date of birth of Malu Singh as mentioned in the discharge certificate and was rather justified to stick to the date of birth which was given by Malu Singh to the Bank authorities at the time of his recruitment as Armed Guard. Even otherwise once a date of birth has been entered by the Competent authority of the employer's heavy burden lay upon Malu Singh to establish his exact date of birth which he has failed to do in the instant case and the Bank was justified in treating August, 1924 as his date of birth as originally entered in the service card of the Bank. Accordingly this issue is decided in favour of the Management and against the workman.

12. For my discussions and findings above, it is awarded that the Bank was justified in not accepting the date of birth entered in the discharge certificate copy Ex. W.W. 1/8 and was further justified in treating his date of birth as August, 1924 as originally recorded in the records of the Bank.

AWARD

The Government of India, Ministry of Labour by order No. L-12012/128/77-D. II. A. dated 26th April, 78 published an Arbitration Agreement, entered into on 16-11-77, between Shri J. N. Ahluwalia, Manager, Punjab National Bank, Saugor Branch and Shri M. L. Sabarwal, General Secretary, Association of Punjab National Bank Employees (MP) Indore referring the following specific matter in dispute for my arbitration under Section 10A of the Industrial Disputes Act, 1947:—

"Whether the stoppage of Bill Collector's allowance to Shri S. S. Sharma of Punjab National Bank, Saugor Branch from 17-2-77 involves change in service condition? If so what relief the workman is entitled to?"

2. The agreement dated 16-11-77 of the parties provides that the Arbitrator shall make his award within a period of 3 months or within such further time as extended by mutual agreement between the parties in writing. The parties, by mutual agreement signed on 19-9-78 had extended the time upto 31-12-78.

3. The parties in the award would be named as management and union.

4. The management and the union had submitted their respective statements dated 19-9-78 and 20-10-78 of the case respectively by endorsing copies to each other. Hearing in the case was held on 16-5-78, 19-9-78 and on 20-10-78. The arguments in the case were heard on 20-10-78. Mr. S. S. Sharma the concerned workman was examined by Shri Sabarwal and cross-examined by Shri R. P. Raizada. No documentary evidences were produced. But the management representative stated that they would submit documentary evidences regarding the leave position of Shri Sharma within 10 days from 20-10-78. So far the documentary evidences in this regard have not been received. Waiting for further period, it is considered would serve no purpose.

5. A short synopsis of the case would be helpful in analysing the pros and cons of the specific matter in the case referred to for my arbitration. Shri S. S. Sharma is working at Saugor Branch of Punjab National Bank in the subordinate cadre. He was officiating as Bill Collector now and then i.e. as and when vacancy had risen for the period from 1969 to 1972. After the death of Shri Daulat Ram, another member of the subordinate cadre who was working as Bill Collector Shri Sharma was permanently working from 1972 as Peon-cum-Bill Collector. The Manager, Saugor Branch of the Bank vide his letter No. 14752 dated 18-7-78 had recommended to his higher authorities that Sri Sharma would be designated as Peon-cum-Bill Collector. The Regional Manager's office at Bhopal vide their letter No. S/IR/Sub/5049 dated 1-8-72 permitted the Manager to designate Shri Sharma as Peo-cum-

Bill Collector. Since that time Shri Sharma was working as a Bill Collector. In the Month of February 1977 he went on 3 days casual leave. The casual leave application was not handed over by him in person to the Manager. It was reported that he had handed over it to his fellow workman for its delivery to the manager. Shri Sharma also did not wait for the sanction of the casual leave prior to his availing of it. After having availed the leave he reported for duty on 18th February, 1977; the Branch Manager did not allow him to work as Bill Collector. He had entrusted this work with Shri Manoolal with effect from 17-2-77 as he happened to be senior in service to Shri Sharma. Aggrieved over the discontinuance of work by Shri Sharma, as Bill Collector and consequent stoppage of bill collector's allowance to him, the General Secretary, Association of Punjab National Bank Employees (MP) raised an industrial dispute before the Assistant Labour Commissioner (C), Jabalpur. As no settlement of the dispute could be arrived at, at the forum of conciliation the parties had agreed to refer the dispute namely whether stoppage of the bill collector's allowance to Shri S. S. Sharma with effect from 17-2-77 involves change in service condition and if so what relief the workman is entitled to had been referred to me for my arbitration.

6. The issues on which I have to answer is (a) whether the stoppage of Bill Collector's allowance to Shri S. S. Sharma with effect from 17-2-77 involves a change in his service condition. (b) If so to what relief Shri Sharma is entitled to.

7. Before I dwell on the examination of the case I have to mention that during the pendency of the arbitration proceedings, the management of Punjab National Bank and entrusted the duties of Bill Collector to Shri Sharma with effect from 25-7-78 by their office order No. 89/78 dated 25-7-78. On account of this development in the case the scope of my arbitration is limited for the period from 17-2-77 to 24-7-78.

8. The management of Punjab National Bank had not denied the fact that Shri S. S. Sharma was working occasionally i.e. as and when vacancy had risen in the capacity of bill collector from the year 1969 to 1972 and thereafter after the death of Shri Daulat Ram, from 1972 to the date he had proceeded on casual leave on a permanent basis. There was no denial of the fact that in all communications from Saugor Branch to the Regional Office at Bhopal of the Bank Shri S. S. Sharma had been mentioned as Bill Collector-cum-Peon. In the attendance register as well as in the salary bill also his name is recorded as Bill Collector-cum-Peon. The said allowance was paid through the regular salary bill; like any other workmen he was enjoying this allowance during his leave period too. In this connection I may quote para 5.10 of the Bi-partite Settlement dated 19-10-66.

"The special allowance would continue to be drawn by a permanent incumbent while on leave. A workman who is asked to work temporarily in a post carrying a special allowance would be entitled to such a special allowance pro-rate for such period during which he occupies that post."

9. No evidence was adduced before me to the fact that Shri Sharma was appointed as a permanent peon-cum-bill collector. At the same time no evidence was produced to say that he had not worked as a Bill Collector-cum-Peon continuously for a considerable period. No doubt he had been appointed only as a Peon, but by virtue of the fact that he was performing the duties of a Peon as well as a Bill Collector since 1972 continuously he should be regarded as a permanent incumbent of the post. It is brought to my notice that no one is appointed as Peon-cum-bill collector. Even Shri Daulat Ram on whose expiry Shri Sharma started working as a Peon-cum-bill collector had not been appointed as a Peon-cum-bill collector. The above facts clearly show that Shri Sharma is a permanent incumbent of the post of peon-cum-bill collector.

10. The argument of the Management that Shri Manoolal was senior to Sharma and as such he was designated as Peon-cum-Bill Collector from 17-2-1977 does not carry any conviction. Shri Manoolal was senior to Shri Sharma not only from 17-2-1977 but also from 1969 and from 1972. A appointment of him as a Peon-cum-bill collector had been agitated by the trade unions. But due to his indifferent health and deficiency in English knowledge he had already given in writing to the management that he was not interested to work as a bill-collector. Besides, the management also found him

unit for the work. They could not produce any evidence either orally or documentary to the effect that he had improved in his health, efficiency and proficiency to make him fit enough to work as a bill collector. Even during the period when he was more or less on trial in the capacity of a bill collector from 17-2-77 to 24-7-78 his work was not found satisfactory. Only to deprive Shri Sharma from earning bill collector's allowance, Shri Manoolal was posted as a Bill Collector. It was not on account of his seniority and claim of legitimacy he was posted to the post. The simple reason as stated by Shri Sabarwal was that the Manager of the Bank at Saugor was annoyed at the manner Shri Sharma had proceeded on casual leave. He expected that Shri Sharma should have personally handed over the casual leave letter to him and should have enjoyed the casual leave only once it was granted. In this regard I have to state that casual leave is a leave to be availed of on occasions which are unexpected or not anticipated. Had he given a little thought to the circumstances which led Shri Sharma who had an unblemished service of about ten years, to proceed on three days casual leave, the Manager would not have annoyed with him and would not have stopped him from working as a Bill Collector abruptly, on his return from leave. It is not always possible for a workman or for that matter to any one to get prior permission before proceeding on casual leave. In this regard clauses no. 13.23 and 13.24... of the bi-partite settlement is quoted below :—

13.23. Casual leave shall be non-cumulative except as provided in Clause 13.31 under sick leave. Ordinarily the previous permission of the sanctioning authority shall be obtained before taking such leave. When this is not possible, the said authority shall be informed as soon as practicable in writing or if writing is not possible, orally or through any person, of the employee's absence from work, reason thereof and of the probable duration of such absence. In any event a written application shall be submitted to such authority latest on the day the employee resumes duty. In no case will an employee take casual leave on frivolous grounds.

13.24 Casual leave is only intended to meet special or unforeseen circumstances for which provision cannot be made by exact rules. Holidays except Saturdays and Sundays shall not be prefixed or suffixed to casual leave without the previous permission of the officer granting such leave.

11. I very well appreciate the management's argument that they cannot afford to lose their clients or earn their displeasure on account of the negligence of a bill collector. The work of a bill collector has its own importance and is necessarily required to perform on a day-to-day basis. But no evidence had been adduced before me to show that Shri Sharma even from 1972 onwards was not functioning efficiently thus causing damage to the Bank. So it is not judicious to give weight to the arguments of the management to the effect that since Shri Sharma was not good at his work or was indifferent to work Shri Manoolal was posted as a Bill Collector. The other issue raised by the management is that Shri Sharma was in the habit of absenting himself from duty and was indifferent to his work. They also stated that there were occasions that he had extended his leave as a result of which besides dislocation of the work of bill presentation, the bank's clients were put to inconvenience. A mere statement of the management like this without support of either oral or documentary evidence does not carry any anedibility and it is not to be taken into account for deciding the attitude of Shri Sharma to his work.

12. The above facts would amply prove that Shri Sharma was fit enough for the post of bill collector and was doing the work occasionally from 1969 to 1972 and from 1972 as a permanent incumbent. Only on account of the displeasure incurred by him at the hands of the Manager he was arbitrarily stopped from serving as a Bill Collector from 17-2-1977. The action of the Manager is neither supported by custom or law. By virtue of the fact that Shri Sharma was working as a Bill Collector-cum-Peon continuously from 1972 and was drawing the special allowance attached to a bill collector, this aspect of his service becomes one of the conditions of his service. Payment of Bill Collector's allowance is one of the conditions of service, found in the IVth Schedule of the I.D. Act, Section 9A of the Act states that no employer who proposes to effect any change in the conditions of service applicable to any workman in respect of

any matter specified in the IVth Schedule, shall effect such change, (a) without giving to the workmen likely to be affected by such change a notice in the prescribed manner of the nature of the change proposed to be effected or (b) within twenty-one days of giving such notice. Provided that no notice shall be required for effecting any such change where the change is effected in pursuance of any settlement, or award. The change as referred to above had not been made as a result of a settlement or award. No notice of change has been served. It is evident that the Manager had effected change in the service conditions of Shri Sharma on 17-12-1977 without observing the legal requirements. The management have thus clearly contravened Section 9A of the I.D. Act, 1947. I am not dwelling on this subject in detail as contravention of Section 9A of the I.D. Act, 1947 by the management is not the specific matter referred to my arbitration. But this action of the management enables me to come to the conclusion that stoppage of bill collector's allowance to Shri Sharma has involved a change in his service conditions. The management themselves have realised that they had effected the change in the service conditions of Shri Sharma which would not be supported by law. So they had already engaged Shri Sharma as Peon-cum-bill Collector from 25-7-78. So I decide my first issue in the affirmative.

13. Before I decide the nature and quantum of relief I have to state that the period of relief is confined only to from 17-2-77 to 24-7-78. On this issue the management were arguing that Shri Manoolal had already worked as Peon-cum-bill collector and had been paid bill collector's allowance. For one post two persons could not claim allowance/wages. It would not therefore be prudent to extend the benefit of bill collector's allowance to Shri Sharma for the period when he had not actually worked. Apparently this argument seems to be plausible, but in labour jurisprudence we had to view it from the angle of social justice. Shri Sharma was deliberately deprived of his work as bill collector and consequently became the non-recipient of the allowance, attached to the bill collector. Not only the management had contravened the legal provisions but also had deprived of Mr. Sharma of his legitimate allowance due to no fault of him. Para 5.9 of the bipartite settlement which is quoted below, will lend support to this argument :—

"A workman will be entitled to a special allowance only so long as he is in charge of such work or the performance of such duties which attract such allowance. Whether a workman can be asked to cease to do such work or discharge such duties and consequently cease to draw such allowance, will depend upon the terms of his employment. For instance a workman who is employed permanently as a Head Clerk or Stenographer can not be deprived of his special allowance by asking him to work as an ordinary Clerk or asking him not to work as a Head Clerk or Stenographer. If, however, a recipient of a special allowance wants to give up the work or duties which entitle him to the special allowance, he shall, if his request is granted, cease to draw the special allowance."

I therefore answer the second issue as under :—

14. The entitled relief of Shri Sharma is the payment of bill collector's allowance for the period from 17-2-77 to 24-7-78.

There are instances even in Punjab National Bank wherein two persons had been paid allowances for a particular period when only one person had actually performed the work. Shri D. R. Bodhani who was working as a clerk in Sehore Branch of Punjab National Bank was superseded by Shri G. D. Agarwal. When this anomaly was raised before the appropriate authority, by mutual settlement Shri Bodhani was paid special assistance allowance for the days he was superseded by Shri G. D. Agarwal even though the latter was already in receipt of the allowance by virtue the fact he had actually performed the duties.

15. In view of the above Shri S. S. Sharma is entitled to relief as under :—

Shri Sharma would be paid all his dues connected with payment of special allowance from 17-2-77 to 24-7-78 and other consequential benefits arising out of it within a month from the date of receipt of this award.

Regarding the plea of the union for cost, I consider that the parties should bear their respective costs in the case and I decide accordingly.

Issued under my signature and seal on this 18th Day, of December, 1978.

K. SHANMUGHAVEL, Regional Labour Commissioner(C),
Jabalpur and Arbitrator.

Soundararajan and K. Palanichamy, Advocates for the worker and of Thiruvalargal T. S. Gopalan and S. Ranganathan, Advocates for the Management and this dispute having stood over till this day for consideration, this Tribunal made the following.

AWARD

This is an Industrial Dispute under section 10(1)(d) of the Industrial Disputes Act, 1947 between the Management of M/s. Dalmia Magnesite Corporation, Salem-5 and their workmen in the matter of the dismissal of a Canteen Supervisor Thiru S. Krishnamoorthy.

(2) The reference is as follows :

Whether the dismissal of Shri S. Krishnamoorthy, Canteen Supervisor, by M/s. Dalmia Magnesite Corporation, Salem, w.e.f. 6-9-76 was justified? If not, to what relief is he entitled?

(3) The Petitioner-worker filed a claim statement, wherein he states as follows : The Petitioner was a Canteen Supervisor and was drawing a salary of Rs. 350 per month. Prior to his dismissal he had worked under the Respondent-Management for a period of 7 years as temporary clerk and permanent Canteen Supervisor without any adverse remark. In recognition of his good service, he was confirmed as Canteen Supervisor on 1-4-1975. The Petitioner joined the I.N.T.U.C. Union in February, 1976. On his joining the Union, the Respondent-Management became inimical towards him and began to victimise him for his trade union activities. The Management had deliberately charge sheeted for disobedience and neglect of work. An enquiry was ordered by the Respondent-Management and he was dismissed by the Management on 6-9-1976. The Enquiry Officer was biased towards the Management. The Petitioner was not allowed to get the assistance of a co-worker in the enquiry though he requested the Enquiry Officer for permission for assistance by a co-worker. Believing the words of the Enquiry Officer that no punishment would be inflicted on him, the Petitioner-worker did not adduce evidence on his side. On the other hand, the Enquiry Officer allowed the

Management Representative to adduce evidence. Thus the enquiry was wholly improper. The principles of natural justice have been violated in the enquiry. The evidence was false. In those circumstances, the dismissal was unjustifiable and the Petitioner-worker is to be reinstated with all back wages.

(4) A counter statement was filed by the Management, wherein they contend as follows : The Petitioner was appointed as a Canteen Supervisor on 11-4-1974. While he was working as a Canteen Supervisor, several complaints were received about the misuse of canteen coupons. On 10-6-1976, a memo was issued to the Petitioner requiring him to submit every day to the Personnel Manager the account of the Canteen coupons handled every day. The Petitioner failed to maintain the canteen coupon account and hence by a Memo dated 16-6-1976, he was charged with misconduct for wilful insubordination and disobedience of lawful and reasonable orders of the superiors and neglect of work. He gave an explanation on 18-6-1976 stating that between 9th and 13th June, 1976, he was in a perturbed state of mind and he forgot to submit the Canteen Coupon Account. He had also destroyed all the old coupons. The act of the worker disabled the company from verifying whether proceeds of the coupons had been realised or they were put to re-use. An enquiry was held into the charges and at the end of the enquiry, the Petitioner admitted the charges. The Enquiry Officer in his findings on 11-7-1976 held that the charges against him had been clearly proved. The worker was disobedient to the Assistant Labour Officer by not handing over the empty tins to the Company's driver and when questioned by the Assistant Labour Officer, the Petitioner shouted against the Assistant Labour Officer and the charge sheet was issued for his disobedience. He gave explanation to the charges. A separate enquiry was held into those charges of disobedience and the Enquiry Officer gave his findings on 26-6-1976. On the basis of those two enquiries, the Management felt that the proper punishment was dismissal and accordingly two show cause notices were issued to him. After hearing his representation, orders were passed on 6-9-1976 dismissing him from service. The allegation that the enquiry was unfair is equally untrue. Hence an Award may be passed confirming the dismissal order of the worker.

(5) On the side of the Petitioner-worker, the Petitioner himself was examined as W.W. 1. He narrated events leading to dismissal. In his evidence that he was a Canteen Supervisor from 1-4-1974 and also doing the other jobs of a Time Keeper. About 3000 persons were employed in the Factory. From morning six to evening six he used to do his duty. On 4-5-1976, the Assistant Labour Officer scolded him in the presence of workers and threatened to issue the charge sheet. He replied that the Labour Officer should not threaten like that for each and everything. The practice was that after writing the accounts he used to destroy the coupons at the end of every month. The destruction of coupons did not entail any loss to the Company.

(6) No witnesses were examined on the side of the Management. But documents were filed and marked as Exs. M-1 to M-67. On the side of the Petitioner-worker Exs. W-1 to W-9 were marked. Ex. W-1 dated 11-4-1974 is the appointment order as Canteen Supervisor.

(7) Now the point that arises for consideration is whether the dismissal order passed by the Management is illegal.

(8) To consider that question we have to go into the evidence adduced on both sides. He has stated that his prior conduct was good and he was victimised for his trade union activities. His statement cannot be true in the face of several warnings issued to him as evidenced by Exs. M-2 to M-7. Ex. M-11 is the charge sheet issued to the Petitioner-worker. The charge sheet discloses that he was instructed by the Assistant Labour Officer to hand over 7 empty tins to Shri Chacko, driver, in order to purchase provisions for the canteen, at the Chamundi Super market and he failed to inform shift workmen in the canteen to hand over the tins to the said driver on 4-5-1976. Again on 5-5-1976, the Assistant Labour Officer advised him inside the canteen to hand over the 4 empty tins to the driver and not to delay the matter and he retorted impertinently by shouting in the presence of the employees in the following words : " He was

not afraid of charge-sheet and by issuing charge sheet nothing can be done against him." Ex. M-12 is his statement denying the charge. Ex. M-14 is the Enquiry Proceedings and witnesses were examined on both sides. He has participated in the enquiry. The witnesses on the side of the Management were cross-examined. Ex. M-15 is the findings of the Enquiry Officer. He has written a considered order holding that the charges had been proved against him. As regards the dereliction of duty on the part of the worker is not furnishing the canteen coupon accounts and destruction of coupons, documents were filed on the side of the Management. Ex. M-17 is the memo to the Petitioner-worker calling upon him to send every day morning at about 9.00 A.M. to the Personnel Manager the accounts showing the total collection of coupons made in the counter the previous day. Ex. M-18 is the charge sheet. The charge is that in spite of Ex. M-17 memo he had not submitted the canteen coupon accounts to the Personnel Manager and thereby he committed misconduct and thereby disobeyed the lawful order of the superior. Ex. M-22 is the Enquiry Proceedings. Witnesses were examined on both sides the Petitioner-worker also participated in the enquiry. Ex. M-23 is the findings of the Enquiry Officer that the worker was guilty of the charge of wilful insubordination and disobedience of lawful order is refusing to carry out the instructions given in the memo dated 10th June, 1976. The omission to submit daily accounts with the supporting coupons for the period from 11th June would amount to neglect of work and found that the charges had been proved.

(9) It is contended by the worker that he has not been given opportunity to adduce the evidence on his side and he was misled by the Enquiry Officer was biased towards the Management. Such a contention is groundless in the face of his own statement at page 26 of Ex. M-22 that he was admitting charges against him and he had nothing to say. In the face of his own admission he was guilty of the charges. It is too late for him to say that he was not given opportunity to defend his case and he was misled by the promises of the Enquiry Officer. I find the evidence had been let in on both sides. Only on considering the entire evidence and in addition to the admission of the Petitioner-worker, the Enquiry Officer has come to the conclusion that the charges had been proved. Further I find that before dismissal order was passed, notice was issued on the proposed punishment and after considering the entire report of the Enquiry Officer and also the prior conduct of the worker, the Management had come to the conclusion that he should be dismissed from service. I find nothing illegal in the order of dismissal.

(10) As regards the quantum of punishment, I find the Management could have exercised some leniency in the matter by discharging him from service instead of dismissing him from service, as the dismissal will entail the denial of gratuity and other benefits which he is entitled for the services he had rendered. I find that he had worked as a clerk and he was working as a Canteen Supervisor from 1974 and it will be harsh to deny him the benefits he has earned for the services he rendered to the Company. Hence the order of dismissal is to be modified as one of discharge.

11. In the result, an Award is passed discharging the worker, so that he can claim from the Management the gratuity and other benefits which he had accrued to him for the services rendered to the Management.

Dated, this 18th day of December, 1978.
